Have your suburban home grounds landscaped complete

OUR grounds are open at all times, and we ask our friends and customers to call and visit us several times each season. We try to make our grounds interesting and educational. Our trial grounds have over three hundred varieties of Tulips and other Spring Flowering Bulbs. In our fields you will see more than a half million plants, growing for your use in development of your home grounds and surroundings.

Hardy Perennials

Perennials are becoming more popular each year, and by careful arrangement one can have a continuous season of bloom from early spring to freezing weather. We are endeavoring to have at our nursery, together with the Holland, French and Japan bulbs, of which we are dealers and importers, all material needed to develop as fine a garden as you could hope to attain.

We are listing for the first time many new varieties this season and have in our trial grounds many more which you are invited to observe from time to time. Visitors always welcome. Garden Clubs invited.

Our plants are grown in the open field, which assures you of the strongest and best plants obtainable.

	Height	Per	Per

AQUILEGIA (Columbine)

ONE of the most beautiful hardy perennials producing graceful flowers on 2-foot stems. One of the most important of our early hardy flowers and should be grown in quantity. Beauty of form and variety of colors is the special feature.

CAMPANULA

FLOWERS are very large, in lovely shades of white, pink, blue and deep purple. Grows about 2 feet tall. Blooms June to August.

FRANKEN BROS., INC.

CHRYSANTHEMUMS, KING EDWARD

THIS very attractive plant blooms freely and is useful for cutting. Grows from 3 to 4 feet tall. Blooms all summer.

COREOPSIS

ONE of the most popular hardy, yellow flowers. Begin to bloom early in June and are a mass of gold until frost. Grow to 3 feet tall.

DELPHINIUM

ONE of the most attractive garden flowers. Having a beautiful shade of blue and growing on tall stems. Grows 4 feet tall. Blooms from June to July.

DIANTHUS (Sweet William)

COLORS range from purest white to darkest red with an infinite number of combinations of colors. Grow from 1 to 2½ feet tall and bloom all summer.

Iris Germanica

We have in our trial grounds several choice and select varieties of Iris. recently imported, which we wish our customers to see this season. We are not listing these varieties, but prices will be furnished on request.

Extra strong plants at double the list price.

IRIS

THE German Iris is one of the most desirable early spring-flowering plants. Flowers of large size and exquisite colors. Beautiful flowers that like the sunshine.

DIGITALIS (Foxglove)

TALL, dignified spikes of the Foxglove are always charming. Colors are white, lilac, purple, rose and yellow. Blooms in June and July.

FRANKEN BROS., INC.

HARDY PINK

VERY desirable, sweet-scented, low-growing, early blooming and free-flowering. Many beautiful combinations of colors. Blooms in May.

GAILLARDIA

THESE deserve a place in all gardens. They are showy, bloom under adverse conditions and are easy of culture. Grow 2 feet tall. Bloom during the summer.

HOLLYHOCK

A CONSTANT blooming, old-fashioned garden favorite. This plant may be used in many useful and decorative ways. The double varieties will give a great deal of pleasure. A splendid assortment of colors. Grows from 5 to 8 feet tall.

BLEEDING HEART

A VERY attractive plant. Grows from 2 to 4 feet and spreads out almost the same distance. Blooms April to June.

Hardy Phlox

We have one of the largest fields of Phlox in the central states and we ask you to be sure to visit our nursery when the Phlox are in bloom.

These prices are for one or two-stem plants which have 3 to 5 eyes. If you wish three to four-stem undivided plants double the following prices.

Weigela Floribunda . Deep crimson; free-flowering. June	24-36"	.80	7.50
Weigela Rosea . Rose-colored Weigela; large sized shrub in great profusion of flowers in June	24-36"	.60	5.00
	36-48"	.70	6.00

HONEYSUCKLE (Pink Flowering)

A VERY popular Honeysuckle. Having beautiful pink flowers in May and producing a wealth of orange berries in summer. Grows 8 to 10 feet high.

SYRINGA (Mock Orange)

A TALL vigorous and hardy hush. In May it bears profuse white flowers resembling orange blossoms. Flowers are deliciously fragrant. One of the very best shrubs.

Hedges

	Height	Per 100
Ligustrum Privet (Amoor River North). Hardy growth. The best hedge for this locality	18-24"	\$2.50 \$20.00
	2-3'	3.00 25.00

FRANKEN BROS., INC.

WEIGELIA ROSEA

ONE of the most popular and showy shrubs. Has numerous spreading branches that are covered with a wealth of bloom in June.

SNOWBERRY

ROSE-COLORED flowers in June and July, followed by large clusters of white berries that remain far into winter.

LILAC (Persian)

THIS splendid bush is loved for its pleasing fragrance and delicate coloring. There are a number of varieties to choose from. Colors, purple, white and reds.

FORSYTHIA

THESE beautiful bell-shaped flowers are borne in great profusion, the earliest of any in spring, and make a striking contrast on the bare landscape. Hardy and successful shrub.

Landscape Service

This group of illustrations is intended to let our many customers and friends know that Franken Bros., Inc., now operate a complete Landscape Service Department and we believe these pictures show better than we would be able to describe, the efficient manner in which our Service Department operates. Ask for estimates on your needs.

What This Means To You

Our Service Department is organized for those customers needing general landscape service, where grading, preparation of the beds, laying out walks and drives, building of pools, rock gardens, rustic work, seeding of lawns, are required.

It is just as important in planting the home grounds to have a definite plan, furnished by a competent landscape architect, as to have a plan for building a modern dwelling. Attractive landscape effects are not made by guesswork but are the result of careful study and thinking.

On orders amounting to \$20.00 or more our Service Department will deliver within a radius of 20 miles and plant any stock listed in this catalog, at an additional charge of 25%.

Preparation of beds, fertilizer and black dirt, extra.

Evergreens: How and Where To Use Them

EVERGREENS properly placed and arranged add a charm and dignity to the home that present to the passing public an emblem of character of the home inside.

Those wishing to express these thoughts of loveliness and beauty through the background of landscaping, make no mistake by using evergreens.

Our Mr. Pottenger has given the evergreen situation on the North Shore special consideration. He has been directly interested in the Nursery and Landscape field for more than twenty years. Knowing that evergreens should be kept in a healthy condition, he has worked out a certain set program for the spraying, pruning, cultivation, fertilization of the soil, preparing the beds before planting and arranging varieties that will blend well together.

The varieties we recommend and use are all adapted to Landscape development. All the evergreens in our list have been transplanted three to five times, which is most essential in making a root development that is close and compact, so as to withstand the change of transplanting without showing the effect of having been moved.

Rock Gardens

Are planted to make a garden of interest and variety to a park or home.

Efficient Landscape adds Thousands to a Home

like congenial conditions for certain plants and also lend a part of the grounds.

The above plantings were designed and executed by Franken Bros., Inc., Landscape Service Department

DEERFIELD, ILLINOIS

Evergreens

Evergreens are for local trade only, as we do not ship them to distant points.
We deliver evergreens direct, as they must be handled promptly and carefully.
These prices are F. O. B. our nursery.

	Height	Each
Colorado Blue Spruce. Best known of all Spruces; light blue tipped. These trees make wonderful groups when planted three or more in a cluster. They should be planted far enough apart as they develop to large trees	2-3'	\$10.00
	3-3½'	12.50
	3½-4'	17.00
	4-4½'	20.00
Koster's Blue Spruce. Selected grafted Colorado type	5-6'	50.00
Black Hills Spruce. Most compact of Evergreens and is recommended for screen or clump planting	2-3'	5.25
	3-4'	8.50
Pyramidal Arbor Vitae. Most popular and best of Arbor Vitae. Grows very symmetrical in a pyramidal shape. Much hardier than other types.	2-3'	5.25
	3-4'	8.50
Woodward Globe Arbor Vitae. Natural globe-shape	15-18"	3.25
American Arbor Vitae. This is the ordinary seedling type of Arbor Vitae. Should be used where a cheap planting is a necessity as it is neither as hardy nor effective	24-36"	3.25
	3-4'	5.50
	4-5'	8.50
Concolor Fir. Without question the best of the Firs	3-3½'	8.00

Evergreens carry their beauty and charm the year round and perhaps are even most appreciated in the winter, their warm foliage contrasts so sharply with the winter landscape.

Pyramidal Arbor Vitae

Austrian Pine

	Height	Each
Douglas Fir. Most effective of the green type Firs. Transplants very easily and thrives well in shade. Used either in clump or screen planting	2-3'	\$3.75
	3-4'	6.00
	4-5'	9.00
Juniper Virginiana. This is the common Red Cedar type Juniper. Should be used only where cheap planting is a necessity as it turns red in winter	2-3'	2.50
	3-4'	6.75
	4-5'	8.50
Juniper Virginiana Glauca. An improved type of grafted Juniper. Soft blue color; grows very compact when sheared annually. One of the very best Junipers	2-3'	6.50
	3-4'	8.00
	4-5'	10.00
Juniper Connarti. Another grafted type of Juniper. Much superior to its parent plants, the ordinary Cedars. Holds its color well throughout the winter; striking appearance	2-3'	6.25
	3-4'	8.00
	4-5'	9.50
Juniper Pfitzeriana. Without question the coming Juniper for natural landscape effect. For massing in beds	2-3'	8.25
	3-3½'	9.50
Juniper Columnaris. Also a grafted and improved type of Juniper introduced recently	3-4'	11.00
Junior Savins. This type of Juniper propagated by grafts. Very desirable for dwarf plantings	1½-2'	5.25
Juniper Tamariseifolia. Without question the most beautiful foliage of the Junipers when it thrives well	10-12"	2.75
	12-18"	3.75
Juniper Canadensis. An inexpensive dwarf Juniper. Looks very well in summer, but somewhat off color in winter	18-24"	2.75
	2-3'	4.75
Mugho Pine. This evergreen is without a rival for its green foliage and lasts the year around. Fine bedder	10-12"	3.25
	12-18"	6.00
Austrian Pine. This Pine may be used as a screen or clump planting	2-3'	4.50

Fine Tulips

FRANKEN BROS. maintain a trial grounds for the benefit of their customers who wish to know and learn Tulips. Plan a day at Franken's during the blooming period this spring—you can then make selections and reservations for Direct Importation this coming fall. We have for years been closely associated with two of the best houses in Holland who pack your orders individually, especially for you, shipping to us in solid carload consignments, thus keeping the cost of importation to the minimum; in this way giving you the advantage of lower importation costs and enabling us to supply FRANKEN'S SUPERIOR QUALITY BULBS at truly reasonable prices.

More than a thousand people took advantage of this service last year and these people know exactly the color combinations, heights, how and where to plant these fine tulips at the time of ordering.

We want everyone receiving this catalog to take advantage of this service this season.

Plan a day at Franken's.

A border of Hardy Bulbs

THIS picture illustrates the wonderful effect you can have with the use of Small Bulbs and Tulips listed in this catalog. Plan a spring garden for your own home grounds. Bulbs are very effective and dependable, and for an early spring flower they have no rival.

Plan to see our trial grounds this spring.

DEERFIELD, ILLINOIS

FRANKEN BROTHERS have for years been importers and dealers in HOLLAND TULIP BULBS. Last year our sales of tulip bulbs were nearly double that of any previous season.

Prices are at the new low level this year and we are making contracts now for our next season's supply.

You will note many varieties as low as three dollars per hundred. We wish to advise early orders, preferably at our trial grounds where we have over three hundred varieties from which you may make your selection and at which time your orders will go to Holland and be packed direct by the growers themselves.

DEERFIELD, ILLINOIS

Breeder Tulips

Consists of a great many choice varieties on tall, sturdy stems, and a wider range of colors than the Darwin Tulips.

You will find in the breeders many choice colors of bronze, and many fair yellows, where there is neither of these colors found in the Darwins.

Breeders are very fine for rock gardens and plantings among evergreens. Many years have been devoted in breeding up this strain of Tulips from where their name, BREEDERS, has arrived.

*Tulips marked * are good forcing varieties.

Violet Varieties		Less than 25 add 10c extra	Height	Per 25	Per 100
Bacchus.	Dark violet-blue; best among dark breeders.		28"	\$2.60	\$10.00

Terms

The prices in this catalog are for bulbs and plants properly packed and delivered to the express or freight office in Deerfield, free of all charges. Express or freight charges for transportation from Deerfield must, however, be paid by the purchaser.

It is our custom to ship our goods by express, as we find the service more satisfactory, and as a rule, cheaper, owing to the size and weight of the packages. If any customer prefers the Parcel Post, we will forward small packages in this manner, provided sufficient postage is remitted with the order. Any excess will be returned.

We guarantee our bulbs and plants to be true to name, healthy and in sound condition and strictly first class. We will not, however, be responsible for the failure of any to grow or thrive, as such failure may result from causes wholly beyond our control, such as improper treatment, unfavorable weather, soil or climate. Should any difficulty arise through any fault or mistake of our own, we will gladly rectify it. If the purchaser does not accept the goods on these terms, they are at once to be returned, and any money that has been paid for same will be refunded.

Service

Our Service Department is organized for those customers needing general landscape service, where grading, preparation of the beds, laying out walks and drives, building of pools, rock gardens, rustic work, seeding of lawns, are required. Estimates cheerfully rendered.

On orders amounting to \$20.00 or more, our Service Department will deliver within a radius of 20 miles and plant any stock listed in this catalog at an additional charge of 25%.

Preparation of beds, fertilizer and black dirt, extra.

Replacements

Owing to hazards over which we have no control, we do not guarantee our stock, but will replace stock planted by our Service Department, which proves unsatisfactory within two years, provided one-half our "each" list price accompanies the order for replacement.
